Saving 25 Cents.

With the advance of general knowledge people understand better what to do for themselves. Medicines in themselves can not cure. Nature alone can cure; but medicines help Nature. Take an illustration. Let us say you have sick headache occasionally, with dizziness, sour stomach and loss of appetite. You do not need to go to a doctor, for every one will tell you it is biliousness, and that what you need is a liver pill to clean out the bowels and arouse the torpid liver to action.

In this case you can buy many different kinds of liver pills, but the best course is to secure the liver pills and also some TONIC PELLETS for purifying
